THE GO GETTERS MESSAGE

First of all thank you for showing interest in the **Tenacious Techies Franchise**. Please find the brief information to review the benefits and incentives of becoming part of our family.

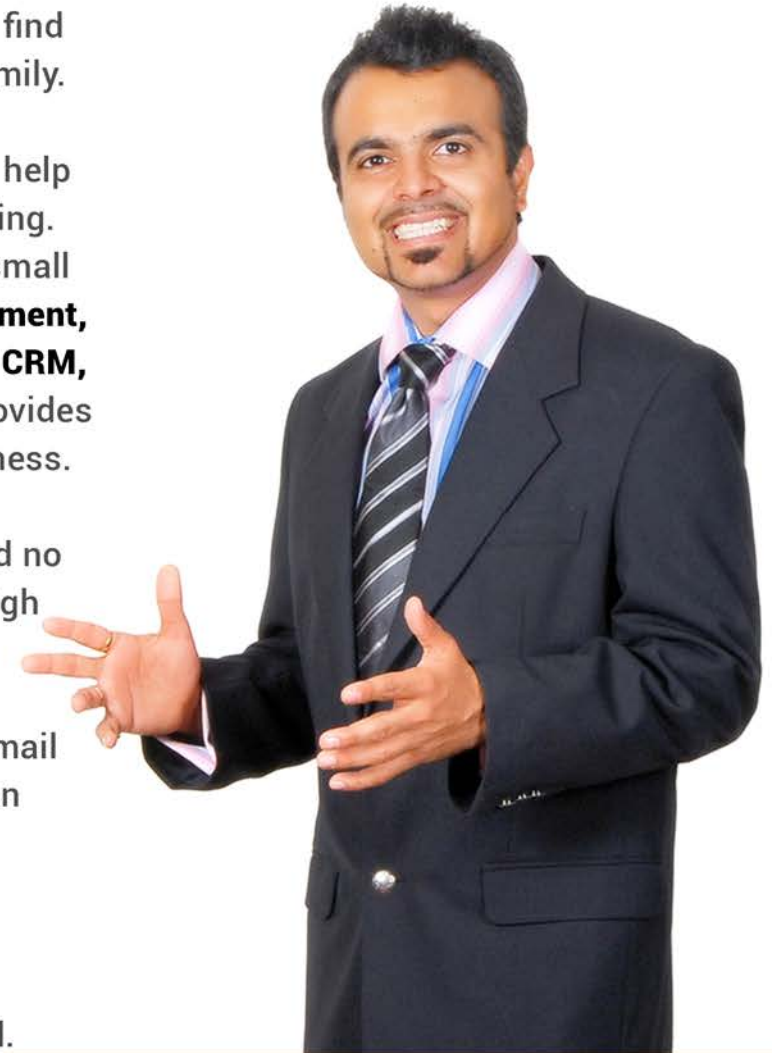

Tenacious Techies Reseller, White Label and other Affiliate Programs is developed to help our partners to start their own IT company without having in depth knowledge of coding. The aim is to help our partners in promoting innovative mobile and web solution for small and large business. Our wider range of products such as **Web Designing and Development, Search Engine Optimization, Movie and Event Ticketing, Food Ordering Sytem, Sales CRM, and Digital Advertising**, will help local businesses to go online. Tenacious Techies provides a one stop solution for all online requirements for small as well as medium size business.

Imagine your own IT company where you can start earning in six figures and you need no Real Estate, no rent to pay, no ongoing expenses and you get recurring income and high commission. Our business model is designed for your success.

If your interested in our business opportunities or have any queries,please send an email on **contact@tenacioustechies.com** or contact us at **+91-99796 19126**, so that you can grab the opportunity fast to become a part of the **Tenacious Techies team**.

The best part of working with us is that, you don't have to invest much in infrastructure and manpower and it can also be a perfect home based business. Our exclusive Partner opportunity gives you protected territory for better growth potential.

I look forward to have a long term business relationship with you.

FRANCHISE TESTIMONIAL

Kalay Verappan (South Africa)

Background

Kalay's career started in 1990 in a sales environment. She has for 17 years enjoyed the sales, marketing and relationship management roles. During her involvement in the corporate world she was involved with numerous blue-chip companies in many of their implementation projects, building and maintaining relationships with key people in the organizations as well as sales and marketing. She obtained a marketing management diploma and a diploma in financial planning.

Why did she join Tenacious Techies?

The Tenacious Techies programme has a variety of products which I believe has a good place in many developing countries including South Africa. I join to learn about technology and how it can help businesses succeed.

Dean Menzies (Scotland)

Background

Over 30 years hospitality background, having worked in a number of countries, including UK, USA, Asia, Middle East and Africa and seen an opportunity to get in early as I noticed a trend developing on how people order food and beverage and how hospitality operators are looking for more efficient ways of serving their consumers.

Why did he join Tenacious Techies?

I intend to get a full understanding of the different products / services on offer and then utilise my contacts within the industry to get these installed.

FRANCHISE TESTIMONIAL

Amit Dwivedi (Delhi)

Background

Amit Dwivedi is journalist and running a successful event management company in Delhi. He have more than 12 years experience as a journalist. Most of his clients came from Corporate Background. He was looking to add another source of Income while continuing with his current business. After looking at Taskkers Mobile App he decided to took the opportunity as he felt the app is very useful for Consumers and Local Businesses

Why did he join Tenacious Techies?

I always wanted to do something different and innovative before I die. I reviewed Taskkers app and saw its making people life easy to find and secure work. Also I am a social person and love to do social work . I saw this app can create lot of employemnet which can also solve unemployment problem in India. I joined Taskkes as I saw many benefits like recurring income, no hard selling, exclusive territorial rights, and a business which can be sold for profit . Wanted to give easy life

Jean Bosco Manirarora (Rwanda)

Background

Mr. Jean works full time in Rwanda and loves Technology. Recently he realised technology will replace many jobs and his country needs technology to improve living standards and solve problems which businesses faces. He started looking for technology products which can be promoted in his country to earn as well as help other businesses succeed.

Why did he join Tenacious Techies?

I decided to join Tenacious Techies partner program because it includes many products. These products are useful in doing business and are needed in my country. Moreover,
